# CONGRATULATIONS TO OUR NEWEST VIP OF THE MONTH

## DELOREZ HOULE

A lifelong seeker of wisdom, personal and spiritual growth and returning to the deeper levels of who one is. She not only exemplifies this in her life, but is committed to sharing and supporting others in their journey. She has been a Club Sparkle member for just over one year and credits the products, especially Nectura and ION5 for new levels of clarity in her thinking, an increase in her vitality and a positive outlook on life, as well as for new levels of health and wellness deep within herself. Another favorite product of hers is Shine which she uses everyday without fail in a number of ways — such as to cool a burn, stop itches of a spider bite, reduce brown spots on her hands, soften her face and sweeten her smile. She also found that ION5 applied topically to varicose veins helps them recede back into the skin and not bulge out.

“ *Forever a Seeker, spiritual adventurer and growth enthusiast. Delorez has been on a continuous journey of becoming and remembering the purpose of our journey here on this planet Earth.* ”

## TESTIMONIAL

### TERRI PETERSON

My passion is helping people transform on all levels: physically, emotionally, mentally and spiritually, so they can live happier and healthier lives. Enter Club Sparkle. I became a member in February 2019 during the Minnesota pre-launch and I was initially drawn to the quality of the products with their natural ingredients and benefits to the body. I'm grateful that Club Sparkle products have crossed my path.

## THE SPARKLE ABC'S TO SUCCESS

### ACTION

Your Sparkle business will only grow if you take action – set your focus and intentions on success and put all that you learn into action. The more action you put in, the more results you will produce!

### COMMITMENT

Commit to success no matter what! Commitment will keep you on the right track despite any roadblocks that may occur. For example eating a healthy meal doesn't make you healthy. Instead, eating healthy repeatedly, does.

### BELIEF

Develop and maintain the right mindset. Believing in yourself and the opportunity is essential to your success. If you believe you can, you will. If you believe you can't, you won't.

Look out for August Spotlight where we cover **DUPLICATION, EXPOSURE, FOCUS AND GOALS!**

Set a course and follow it – we are here for support every step of the way!

"I love all the products. However, Nectura tastes so much better than anything else therefore Nectura is my favorite product!"
